

Vivartis Sculpture Trail, Tuesday 27 September Year 6N

Vivartis Inspiration!

The Year 6 girls spent a rewarding afternoon at the King Edward's Vivartis sculpture trail recently. They made many careful observational drawings of the exciting sculptures which will help to inspire them when they are designing their own sculpture using a wide range of materials.

It was also particularly pleasing to see the work of Francesca Sullivan and Katie Grove on display in the main hall. They must be congratulated for representing St Hilary's School in the Vivartis Art Competition which was open to many local schools.
