

YEAR 3 VISIT BUTSER ANCIENT FARM

On Wednesday, 9th November 2011, Year 3 travelled to Butser Ancient Farm to see how the Celts and Romans used to live and to take part in some of the daily tasks they would have had to carry out. The girls got their hands mucky and got stuck into crushing chalk, filled a fence with daub made from chalk, straw, water and mud; weaved a wattle fence; made Celtic jewellery and designed Roman mosaics. The weather was authentically misty and damp!
